

## FIRST IMMIGRATION CONFERENCE BEGINS

Will Make Recommendations on Labor Shortage.

NEW YORK, April 7.—The first national immigration conference ever held in America began today to discuss naturalization and immigration laws, the shortage of labor, the exodus of immigrants from America and the cause of unrest among the foreign born with a view to formulating recommendations to congress. The meeting was under the auspices of the American council of New York and delegates included representatives of 20 racial groups and spokesmen for industry, agriculture, capital and labor.

Wm. H. Burr, president of the international council of the board of directors of the immigration conference, presided over the opening session. A statement prepared by P. T. Meredith, secretary of agriculture, was read in which he expressed his "entirely legitimate effort to point the way in which the immigrant may be helped to become a thoroughgoing American."

"America is a young nation," he said, "and it is the duty of the government to see that the immigrant is not a burden but a help."

There are over 2,000 bills pending in Washington, which, if passed, will shut out the future supply of immigrant workers and speakers in industry, agriculture and credit conditions in America.

The immigrant to labor will come to enjoy freedom of worship or the right of free speech, but the immigrant will be a citizen, not a foreigner.

## JEFF DAVIS HIGHWAY TO PASS UNION CITY

UNION CITY, Tenn., April 7 (AP).—The county court at noon today passed a resolution to have the Jeff Davis highway run from Fulton through Union City, Tenn. and on to the river. The highway is to be built on the site of the old road, which was built in 1862. The highway is to be built on the site of the old road, which was built in 1862. ## Activities Among Memphis Negroes

By Rev. T. O. Fuller.

The North Carolina board of health has stretched "negro health week" into a continuous campaign, covering the state with permanent county organizations. Virginia, Maryland and Texas are working along similar lines in co-operation with negro physicians.

Every Southern state now has some committee at work for better race relations. Tennessee, under Gov. Roberts, is taking the lead.

The Tri-State Medical society will hold its session in Memphis April 12-15 at the Masonic Temple. Free clinic and special features will be important features.

Plans for the entertainment of the party of 20 business and professional men who will visit Memphis Saturday have been well advanced.

The executive board of the Baptist state convention is called to meet in Nashville April 22 at the First Baptist church, of which Dr. W. S. Edington is pastor.

The John O'Daniel Hooper mill at Durham, N. C., has just opened for business. It was named for a trusted negro by wealthy manufacturers in recognition of his integrity and faithfulness.

The revival at the First Baptist church is still in progress with gratifying results.

Rev. James A. Mitchell, pastor of the Middle Baptist church, will begin his revival Sunday and will be assisted by Rev. Robinson. Pastor Mitchell has tendered his resignation to take effect in May.

The ministers of all the churches will meet the City Federation of Women's clubs at the Community center Thursday at 2:30 o'clock.

The census of 1910 reports the death during the first 12 months of life alone of almost 22 per cent of the negro born alive. For females the loss is 18.5 per cent. A white boy's expectation of life at birth is 46.1 years; for a white girl 47.1 years; for a negro boy 24 years; for a negro girl 25 years. This is a needless waste of population and should be remedied.

This is health and cleanliness. Make war on hookworm, tuberculosis, malaria, venereal disease, dirt, flies and bad housing.

Rev. William L. Craft has returned from Texas where he spent several months at health resorts. Address him at Nashville.

The Baptist Ministers' Alliance held its regular weekly meeting Tuesday. The reports of the pastors were full of interest. The revival and pastor features were the main topics.

The Federated churches will meet at the Community center Wednesday afternoon at 4 o'clock.

The Business League will be reorganized at the Community center Thursday night 8:00 o'clock.

## THE BEST ON EARTH

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. I then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude to it.—Mrs. STAPLES C. APPLE, 157 D. School St., Taunton, Mass."

The reason that thousands of women write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness such as displacements, inflammation and ulceration. Why don't you try it?

## NUMBERLESS CLOWNS FOR SHRINE CIRCUS

Possibly you have heard of Arthur Berry. He is one of spangland's most famous jesters. This clown's specialty is devoted to making the children laugh. They will tell you that with all respect to the splendid hand of the great Sanger circus, and after giving due credit to the fair-faced melodies which make the big show program the most enjoyable of the kind, still still sweeter to their ears and that is the sound of children's laughter.

Wherever the tents of the great Sanger circus are spread there are all ways hundreds of juveniles on hand to see the clowns to watch the antics of the Shadland jokers, the trick dogs, the knowing monkeys who ride them, and goodness knows how many other wonderful things. Yet there are always these unfortunate youngsters who can not enter the canvas palaces of lights and merriment. Some of these venture near the rear of the big tent in the hope of catching a stolen glimpse of the antics of the circus's laughter.

The great Sanger circus with its host of funny fellows will be in Memphis for a week. The show will be operated on the site of the old circus grounds. There will be performances daily.

## Select Delegates To Go To Meeting

Delegates from Memphis to attend the annual convention of the Mississippi Valley Waterways association, to be held at St. Louis in April, were to be appointed at a meeting of the traffic and transportation committee of the chamber Wednesday.

A committee of six also was to be named to meet the Mississippi river commission on its approaching visit to the city. Commissioner Thomas H. Miller and his staff are to meet the delegation to the St. Louis convention which will be headed by Hugh Humphreys and Lee Malloy. The waterways association will convene April 19 and the valley association will meet April 20 and 21.

## JOHNSON'S LEAD IS ASSURED IN MICHIGAN

DETROIT, Mich., April 7.—Belated reports on Monday's presidential primary, coming in slowly from the sparsely settled sections of the state, added but few votes today to the totals already compiled from approximately two-thirds of the precincts. These figures gave Senator William W. Johnson a lead of 4,251 over Maj. John Leonard, based on the Republican ticket, and Howard Hooper's advantage of 12,000 over the Democratic ticket was 4,446 over Gov. Edward I. Edwards of New Jersey.

The vote stood: Republican, 1,661 precincts out of 2,421; Johnson, 124,949; Wood, 82,698; Leonard, 41,228; Hoover, 40,621; Democrats, 12,465; Edwards, 12,465; Bryan, 1,611; Palmer, 7,570.

## PREACHER GETS BEQUEST

Rev. J. Harry Smith, Methodist preacher and member of the Baltimore conference, gets \$500 in cash by the will of Hester S. Porter, which was admitted to probate late Tuesday. Mr. Porter left \$500 and the rest of the estate, consisting of \$500 in securities, goes to Charles L. McBurn, who is named as executor.

## CALOMEL HORROR TOLD BY DODSON

You Don't Need to Sicken, Grip, or Salivate Yourself to Start Liver.

You're bilious, sluggish, constipated. You feel headache, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee: Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick, I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. But take a spoonful of Dodson's Liver Tonic tonight and wake up feeling refreshed. It is perfectly harmless, it gives to your calomel any time. It can't salivate.

## Khaki Adopted By Frisco Clerks

The clerical force of the Frisco railroad at Springfield, Mo., has adopted khaki for its working costume, according to the story A. P. Matthews, division passenger agent for the Frisco, brings back from St. Louis on his return from a recent trip there.

The move of the Frisco clerks to obtain relief from the burdensome cost of conventional costumes was widely commented upon by the St. Louis newspapers. Mr. Matthews said: "There is said to be an enormous quantity of khaki in existence, no longer needed for military purposes. The supply will exceed a heavy civilian demand for a long time to come, it is claimed."

In England thousands of \$15 suits were put on the market, made from cloth intended for military purposes. By the general agreement of the entire clerical force of the Frisco to wear khaki while on duty, the women as well as the men employed will effect a substantial saving on the cost of clothing for it is pointed out that the original cost of the khaki suits is not only much less, but that they will wear much longer.

## BIDS FORWARDED.

Bids for the garage to be built by the government for the Memphis post-office were forwarded Tuesday to the department at Washington by E. E. Baker, superintendent of motor transportation service. Mr. Baker has been in the city several days collecting bids for the proposed new building. Mr. Baker did not make public his recommendation to the department but said the successful bidder would be announced within the next ten days from Washington.

## ADMINISTRATOR NAMED.

Stephen Ross was appointed administrator of the estate of his son, Harold E. Ross, late Tuesday. The estate consists of property in Memphis and the Alamo temple of Shriners.

## SPENT A FORTUNE IN SEARCH FOR HEALTH

Prominent Los Angeles Hotel Man Says He Tried Every Treatment Money Could Buy Without Getting Relief.

"In 1900 I suffered a general breakdown and during those 20 years I spent a small fortune searching for health," said Harry McAvoy, of the Alexandria Hotel of Los Angeles, one of the largest and finest hotels in Southern California.

"I went to the best specialists in New York, Chicago, New Orleans and Seattle. I tried every medicine and treatment money could buy, but the best I could do was to get a little temporary relief. Finally I gave up completely under the strain and had to quit work altogether. I was discouraged over my condition and felt that I would be an invalid for the rest of my days."

"I had indigestion in its very worst form. In fact, I was a confirmed dyspeptic; nothing agreed with me and I suffered from all the terrible symptoms of indigestion. My heart palpitated so badly I thought I had heart trouble and I would get so weak and faint at times I would stagger and several times I fell flat in my tracks before I could support myself."

"I was absolutely afraid to eat, for if I meant nothing but suffering afterward and I would have awful pains and burnings in the stomach and chest. Sleep? Why, I didn't know what it was to get a night's sleep! I would be in bed a while and then get so restless I would have to get up and walk the floor. I was almost a nervous wreck and couldn't even sit still and write a letter. I lost so much weight and strength I was almost too weak to walk, and I honestly believe no man in this world suffered more than I did."

"Last September I realized I could hold out no longer, and as I had read a great deal about Tanlac, I made up my mind to give it a trial. Well, sir, it was the greatest and happiest surprise of my life. For I began to feel better right away. My appetite improved. I began to sleep better and my strength gradually returned. So I kept right on taking the medicine and in only a few weeks' time my troubles had all left me and I found I had gained 15 pounds in weight."

"From that day to this I have positively been in the best health I ever enjoyed in all my life. I never have an ache or pain. I eat anything I want and don't suffer any bad after effects at all. In fact I feel just like a new man and have plenty of strength and energy. My nerves are steady and strong. I never have a dizzy spell and my sleep is restful and refreshing."

"Tanlac has been worth its weight in gold to me, and all the money on earth could not buy the good it has done me."

Tanlac is sold in Memphis by Warrick Drug Co., and by Wise Pharmacy, in Eads by Connel Mercantile Co., and in Bartlett by R. J. Hood, adv.

## HELD GUILTY OF GIVING BAD CHECK; JURY RELENTS

W. C. Thomas, whose weight appeared to be at least 200 pounds, and who said he is the father of six children, was found guilty of passing a notorious bad check, by a jury in First division criminal court late Tuesday. Thomas gave a check for \$20 to W. Colburn for three mares. The case developed that he did not have that much money in the bank on which the check was drawn. He claimed he bought the mares as sound; that one died in two days, that he sold a second for \$100, but it had the heaves and he was forced to return the money to the purchaser, and the third he sold for \$42. He claimed he tried to make an adjustment.

After returning a verdict of guilty, members of the jury requested John T. Shea, assistant attorney-general, to make the sentence suspended. Informed that this could not be done, they asked that the punishment be made lighter than called for by statute.

## CLEVELAND SIX

## Take a Real Ride in the Cleveland, and You'll Know What a Car It Is

The Cleveland Six, the sensation of the year among light sixes, is selling itself to thousands who use discrimination in picking out the car they want.

To attempt to describe the qualities of the Cleveland Six is no easy task. You must ride in it to know it. Take a real ride and you begin to understand that here is a better light six, very much better. It has an enclosed over-head valve motor, of exclusive Cleveland design and manufacture and tested in road work for three years before being offered the public, that gives performance unsurpassed.

A real ride will show you, better than can be told you, that the Cleveland has power and pick-up and flexibility and ease of driving that do not come with many other cars. Low-hung spring suspension and splendidly upholstered cushions wipe out the road-bumps. Beautiful body lines place the Cleveland above the usual plane in appearance. Upholstery is of genuine hand-buffed leather.

Come let us show you what a car the Cleveland is
